USE OF CITY HYDRANT METER REQUESTED? ☐ Yes ☐ No Starting Meter Read _____

HYDRANT WATER PURCHASE AGREEMENT (Use separate form if this water is being used for other than construction):

The above applicant and its subcontractors are authorized to remove water from the City of Stevenson's fire hydrant _____ located at _____.

Pursuant to Ordinance #1047, costs to purchase hydrant water are as follows:

| | |
|---|------------------------|
| Application fee (includes 1 st 400 cu ft/yr) | \$100.00/calendar year |
| Consumption in excess of 400 cu ft | .053/cu ft |

Applicant acknowledges that the water being purchased is in an untreated condition and that water obtained from a fire hydrant is not designed to provide water for human consumption. Applicant knowingly, completely and freely accepts this risk and agrees to hold the City of Stevenson harmless from any and all claims attributable to hydrant water purchase, and from any illness or injury which might arise directly or indirectly from the use of such water or the use of the hydrant.

If using the City of Stevenson's hydrant meter, applicant acknowledges that **this equipment is on loan**. The following instructions must be followed. **YOU ARE ASSUMING ALL RISK FOR ANY AND ALL DAMAGE TO YOU, THE CITY'S PROPERTY OR PRIVATE PROPERTY AND BY SIGNING BELOW YOU AGREE TO HOLD THE CITY HARMLESS AGAINST ANY DAMAGE THAT MAY OCCUR BY YOUR USE OF THE METERING DEVICE AND/OR THE HYDRANT**, including, without limitation, damage to the hydrant meter.

1. City is to inspect meter installation before use.
2. Open and close hydrant slowly to prevent water hammer.
3. Use only a hydrant wrench to open and close (no pipe wrenches).
4. When a hydrant is to be used for an extended period of time, it must be opened all the way to prevent leaking at drain hole.
5. Never leave hydrant open when not in use.
6. Never leave wrench or hose or meter on hydrant overnight or unattended.
7. Never leave caps off hydrant
8. When filling a truck or tender, it must have an approved back flow device or Air Gap.
9. City to inspect after hydrant use is completed.
