PRESS RELEASE-SEWER IMPROVEMENTS ALONG ROCK CREEK DR.

Also called the 2021 Collection System Improvements – Phase 1, the sewer improvements contract along Rock Creek Drive is composed of two different City Projects. These projects include the Cascade Interceptor/Rock Creek Pump Station Project and the Rock Creek Stormwater Project.

SW Rock Creek Drive will be closed between the Skamania County Grange lot entrances from Wednesday, April 27 through the end of May. Traffic travelling along Rock Creek Drive will be detoured through the Skamania County Grange parking lot during this time period.

Additionally, Vancouver Avenue will be closed between Rock Creek Drive and the Lasher St intersection from Wednesday, April 27 through Tuesday, May 3. Traffic should use alternate routes to access Rock Creek Drive from Vancouver Ave, and to access Vancouver Ave from Rock Creek Drive.

All closures and associated detours will occur during contractor work hours, approximately 7:00a to 6:00p, Monday through Friday. Local access will still be provided, as well as access for emergency services and school buses. Pedestrian access will be provided via a detour over the Fairground Bridge.

Please feel free to contact the City with any questions, comments, or concerns. You can also opt-in to receiving traffic updates via text by texting "STEVENSON" to [91896](tel:91896), a service provided by TextMyGov.
